WeiÃŸ da vllt. jemand was?

"Sheridan suffered a severe shoulder dislocation in his club's Heineken Cup clash with Cardiff Blues back in October 2009 and was expected to miss the rest of the season. But the Edgeley Park club were buoyed by Sheridan's recovery and despite having missed the Six Nations they had hoped he would return to bolster their fight for Guinness Premiership survival. However, the then 30-year-old moved to quash any talk of an early comeback, insisting he wanted to ensure his recovery was complete before he played again "
